Refrain:

The steadfast love of our God never ceases.
God's mercies never come to an end.
They are new every morning, they remain throughout the night.
Great is God's faithfulness.

God is my portion sings my soul.
I will live my life in hope.
Bow my knees and raise my hands and call on Jesus Christ
That my life be rooted in love. (Refrain)

Good news is preached to the poor.
Captives are being set free.
The blind see, the lame leap, the oppressed taste liberty.
Each life marked by our faithful God. (Refrain)

So who can know the breadth and depth of our God
Or imagine where God's faithful love will lead?
So place your lives in God's tender hands and wait upon God's word.
And celebrate the wonders through the years. (Refrain)
